

NATIONAL LAW UNIVERSITY, DELHI

LL.M. (Professional), Semester-I (Batch of 2020-21)

End -Term (Online) Assessment- 2020

Paper: International Environmental Law

Time: 6:00 Hours

Total Marks: 100

Instructions:

1. Attempt any five questions.
2. No clarification shall be sought on the question paper.
3. All questions carry equal marks. In case of sub-parts, the total marks for each question would get equally divided.

-
1. Critically analyze the role of treaties *vis-à-vis* other sources of law and their relative contribution to the development of International Environmental Law.
 2. Discuss the significance of **any three** Environmental Law Principles and their Legal Status –
 - i) Precautionary Principle
 - ii) Polluter Pays Principle
 - iii) Sustainable Development
 - iv) Common but Differentiated Responsibilities
 3. Distinguish between anthropocentric and eco-centric views of rights in relation to environment. Also highlight the challenges in relation to them.
 4. Explain the transboundary movement of hazardous waste in the context of the related Convention. Discuss its interconnectedness to human right to life and health.

Protection of global commons and areas of common concern of mankind reflect upon environmental issues that need to be tackled at global level.
 5. Discuss the significance of the above statement and the adequacy of the legal frameworks.
 6. Ozone depletion and climate change are global environmental issues having both similar and distinctive characteristics in the respective Conventions.

Elucidate a critical comparative analysis between the two themes.
